Canisters, Liners & Collection

Products 1-4 of 15

CANISTERS, LINERS & COLLECTION

Single Use Soft Liner

Disposable liner option for compatible suction collection systems and clinical fluid-management workflows.

REQUEST SOURCING

CANISTERS, LINERS & COLLECTION

SPINEL Soft Liner

Disposable liner option for compatible suction collection systems and clinical fluid-management workflows.

REQUEST SOURCING

CANISTERS, LINERS & COLLECTION

Outer Canister

Reusable support component for compatible disposable liners in suction collection applications.

REQUEST SOURCING

CANISTERS, LINERS & COLLECTION

HUMITE Rigid Suction Canister

Rigid collection option designed for dependable containment during clinical suction procedures.

REQUEST SOURCING

Canisters, Liners & Collection

Products 5-8 of 15

CANISTERS, LINERS & COLLECTION

BRUCITE Rigid Suction Canister

Rigid collection option designed for dependable containment during clinical suction procedures.

REQUEST SOURCING

CANISTERS, LINERS & COLLECTION

OMPHACITE Rigid Suction Canister

Rigid collection option designed for dependable containment during clinical suction procedures.

REQUEST SOURCING

CANISTERS, LINERS & COLLECTION

EPIDOTE Rigid Suction Canister

Rigid collection option designed for dependable containment during clinical suction procedures.

REQUEST SOURCING

CANISTERS, LINERS & COLLECTION

HELIODOR Canister with Filter Kit

Canister configuration with filtration components for supported suction collection setups.

REQUEST SOURCING

Canisters, Liners & Collection

Products 9-12 of 15

CANISTERS, LINERS & COLLECTION

Soft Liners with Suction Tubing and Vacuum Control Adaptor

Disposable liner option for compatible suction collection systems and clinical fluid-management workflows.

REQUEST SOURCING

CANISTERS, LINERS & COLLECTION

Outer Suction Canister

The outer suction canister is an essential part of suction systems.

REQUEST SOURCING

CANISTERS, LINERS & COLLECTION

Suction Canister Wall Mount

Wall-mount accessory for securing compatible suction canisters while preserving floor and work space.

REQUEST SOURCING

CANISTERS, LINERS & COLLECTION

Wire Ring for Suction Canister

Mounting and support accessory for compatible suction canister configurations.

REQUEST SOURCING

Canisters, Liners & Collection

Products 13-15 of 15

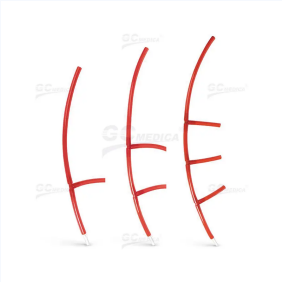

CANISTERS, LINERS & COLLECTION

Reusable Metal Holder for Reusable Canister

Mounting and support accessory for compatible suction canister configurations.

REQUEST SOURCING

CANISTERS, LINERS & COLLECTION

Universal Suction Canister Manifold Tubing

Tubing configuration for connecting multiple compatible suction canisters in a collection setup.

REQUEST SOURCING

CANISTERS, LINERS & COLLECTION

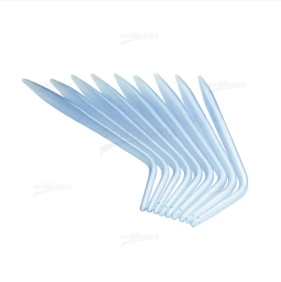

Automatic Transfer of Fluids

Fluid-transfer option designed to reduce manual handling within compatible collection workflows.

REQUEST SOURCING

Yankauer & Suction Handles

Products 1-4 of 15

YANKAUER & SUCTION HANDLES

Super-Smooth Rigid Distal Yankauer

Suction handle configuration for clinical fluid removal, identified by its Super-Smooth Rigid Distal design.

REQUEST SOURCING

YANKAUER & SUCTION HANDLES

Yankauer Suction Handle with Tapered Tip

Suction handle configuration for clinical fluid removal, identified by its specified design.

REQUEST SOURCING

YANKAUER & SUCTION HANDLES

Atraumatic Tip Yankauer

Suction handle configuration for clinical fluid removal, identified by its Atraumatic Tip design.

REQUEST SOURCING

YANKAUER & SUCTION HANDLES

On/off Yankauer Suction Handle with Plain Tip

Suction handle configuration for clinical fluid removal, identified by its On/off design.

REQUEST SOURCING

Yankauer & Suction Handles

Products 5-8 of 15

YANKAUER & SUCTION HANDLES

On/off Yankauer Suction Handle with Crown Tip

Suction handle configuration for clinical fluid removal, identified by its On/off design.

REQUEST SOURCING

YANKAUER & SUCTION HANDLES

Yankauer Suction Handle with Bulb Tip

Suction handle configuration for clinical fluid removal, identified by its specified design.

REQUEST SOURCING

YANKAUER & SUCTION HANDLES

Yankauer Suction Handle with Plain Tip

Suction handle configuration for clinical fluid removal, identified by its specified design.

REQUEST SOURCING

YANKAUER & SUCTION HANDLES

Yankauer Suction Handle with Flange Tip

Suction handle configuration for clinical fluid removal, identified by its specified design.

REQUEST SOURCING

Yankauer & Suction Handles

Products 9-12 of 15

YANKAUER & SUCTION HANDLES

Yankauer Suction Handle with Crown Tip

Suction handle configuration for clinical fluid removal, identified by its specified design.

REQUEST SOURCING

YANKAUER & SUCTION HANDLES

Tri-Grasp Yankauer Suction Handle

Suction handle configuration for clinical fluid removal, identified by its Tri-Grasp design.

REQUEST SOURCING

YANKAUER & SUCTION HANDLES

Megaflow Yankauer Handle with Suction Connecting Tube

Suction handle configuration for clinical fluid removal, identified by its Megaflow design.

REQUEST SOURCING

YANKAUER & SUCTION HANDLES

Male Connector Yankauer Suction Tip

Suction handle configuration for clinical fluid removal, identified by its Male Connector design.

REQUEST SOURCING

Yankauer & Suction Handles

Products 13-15 of 15

YANKAUER & SUCTION HANDLES

Poole Suction Handle

Ergonomic suction handle option for procedural fluid removal.

REQUEST SOURCING

YANKAUER & SUCTION HANDLES

Suction Probe with Male Connector

Suction probe configuration with a male connector for integration into compatible suction setups.

REQUEST SOURCING

YANKAUER & SUCTION HANDLES

Super-Smooth Flexible Distal Yankauer

Suction handle configuration for clinical fluid removal, identified by its Super-Smooth Flexible Distal design.

REQUEST SOURCING

Procedural Suction Sets

Products 1-4 of 6

PROCEDURAL SUCTION SETS

Mona Orthopedic Suction Set

Procedure-focused suction set designed to help maintain a clear operative field during orthopedic cases.

REQUEST SOURCING

PROCEDURAL SUCTION SETS

Gloria Orthopedic Suction Set

Procedure-focused suction set designed to help maintain a clear operative field during orthopedic cases.

REQUEST SOURCING

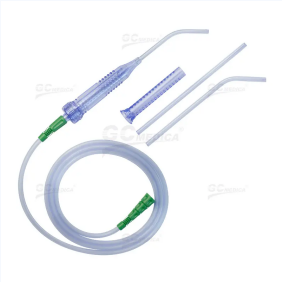

PROCEDURAL SUCTION SETS

Cora Orthopedic Suction Set

Procedure-focused suction set designed to help maintain a clear operative field during orthopedic cases.

REQUEST SOURCING

PROCEDURAL SUCTION SETS

Orthopedic Suction Set with Suction Connecting Tube

Procedure-focused suction set designed to help maintain a clear operative field during orthopedic cases.

REQUEST SOURCING

Procedural Suction Sets

Products 5-6 of 6

PROCEDURAL SUCTION SETS

Rectoscope Suction Set

Suction set intended to support intestinal preparation, flushing, emptying, and instillation workflows.

REQUEST SOURCING

PROCEDURAL SUCTION SETS

Neuro Suction Handle

Precision suction handle for controlled removal of blood, secretions, and other fluids during specialized procedures.

REQUEST SOURCING

Tubing, Connectors & Accessories

Products 1-4 of 8

TUBING, CONNECTORS & ACCESSORIES

Roll Stand

Mobile stand option for positioning compatible suction collection equipment within clinical care areas.

REQUEST SOURCING

TUBING, CONNECTORS & ACCESSORIES

Roll Stand with Pressure Gauge

Mobile stand option for positioning compatible suction collection equipment within clinical care areas.

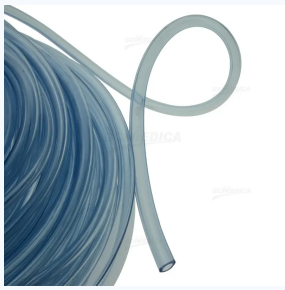

REQUEST SOURCING

TUBING, CONNECTORS & ACCESSORIES

Suction Connecting Tubes

Tubing option for transferring fluids between compatible suction devices and collection systems.

REQUEST SOURCING

TUBING, CONNECTORS & ACCESSORIES

Suction Bubble Tubes

Tubing option for transferring fluids between compatible suction devices and collection systems.

REQUEST SOURCING

Tubing, Connectors & Accessories

Products 5-8 of 8

TUBING, CONNECTORS & ACCESSORIES

Conductive Bubble Tubes

Tubing option for transferring fluids between compatible suction devices and collection systems.

REQUEST SOURCING

TUBING, CONNECTORS & ACCESSORIES

Suction Tubing Connectors

Connector component for joining compatible tubing, canisters, suction devices, or collection systems.

REQUEST SOURCING

TUBING, CONNECTORS & ACCESSORIES

Conductive Suction Connecting Tubes

Tubing option for transferring fluids between compatible suction devices and collection systems.

REQUEST SOURCING

TUBING, CONNECTORS & ACCESSORIES

Vacuum Control Adaptor

Adaptor designed to support vacuum-level control within compatible suction systems.

REQUEST SOURCING
