About Us

Atak Taşıt offers to its customers a portfolio of 16 brands, 24 product groups and more than 50,000 references, a dynasty that is built on deep experience of long years and is highly trusted and acclaimed by the industry. It enjoys a broad range of products with Veka, Walburg, Zegen, Kruger, Nagama, Puga, Wgn, Teknorot, Kautek, Remsa, Talosa, AP, Alkar, Gomet and Hanoon-Doowon trademarks.

Backed by its logistics network with more than 30 transport vehicles, products are delivered from its Düzce distribution centre to more than 4000 customers in 81 provinces on an around-the-clock basis.

With its non-stop growth performance, Atak Taşıt has now started to build a new 10.000m² storage facility featuring the state-of-art technology and a vertical shelf system which will have a 12m height from the ground. Upon the completion of this investment, Atak Taşıt will have a 40,000m² area in total in 2020 and thus it targets to reach a broader customer audience and to provide better services to its existing customers.

Shipment & Logistics

Atak Taşıt provides professional services from order placement to delivery with its reliable, well-experienced and expert personnel. This service quality is maintained during the product assembly and feedback procedures by a solution-oriented customer and aftermarket services, which are available on a 7/24 basis. Customers are constantly supported, and customer satisfaction is at top level.
