Lovilly

about us

When I found out my partner was expecting, I was over the moon with excitement and a bit of anxiousness. Would I know what to do in bath time or burp time? Would I know how to be a good dad? Truth is, we never really know, but we always figure it out—together.

I'm a football player and businessman, I had no idea how to be a parent, but I do know how to be a good teammate. My partner and I tackle parenting and life together. Then our mom's step in to coach us on extra tips for care, and our brothers and sisters tap in for play time when we need rest. We all rely on each other to cover when we don't know what to do or just feel burnt out.

And that's why I wanted to create this brand. Lovilly is affordable, high-quality, and eco-friendly products that help provide care for the little people in your life and for parents that need extra support. Because it truly takes a village to raise a child happy, healthy and whole.

Lovilly is for the grandmommies and GOD mommies, the poppas and pappies...it's for the uncles and aunties and everyone that help care for your baby. We welcome families of all kinds to join our village.

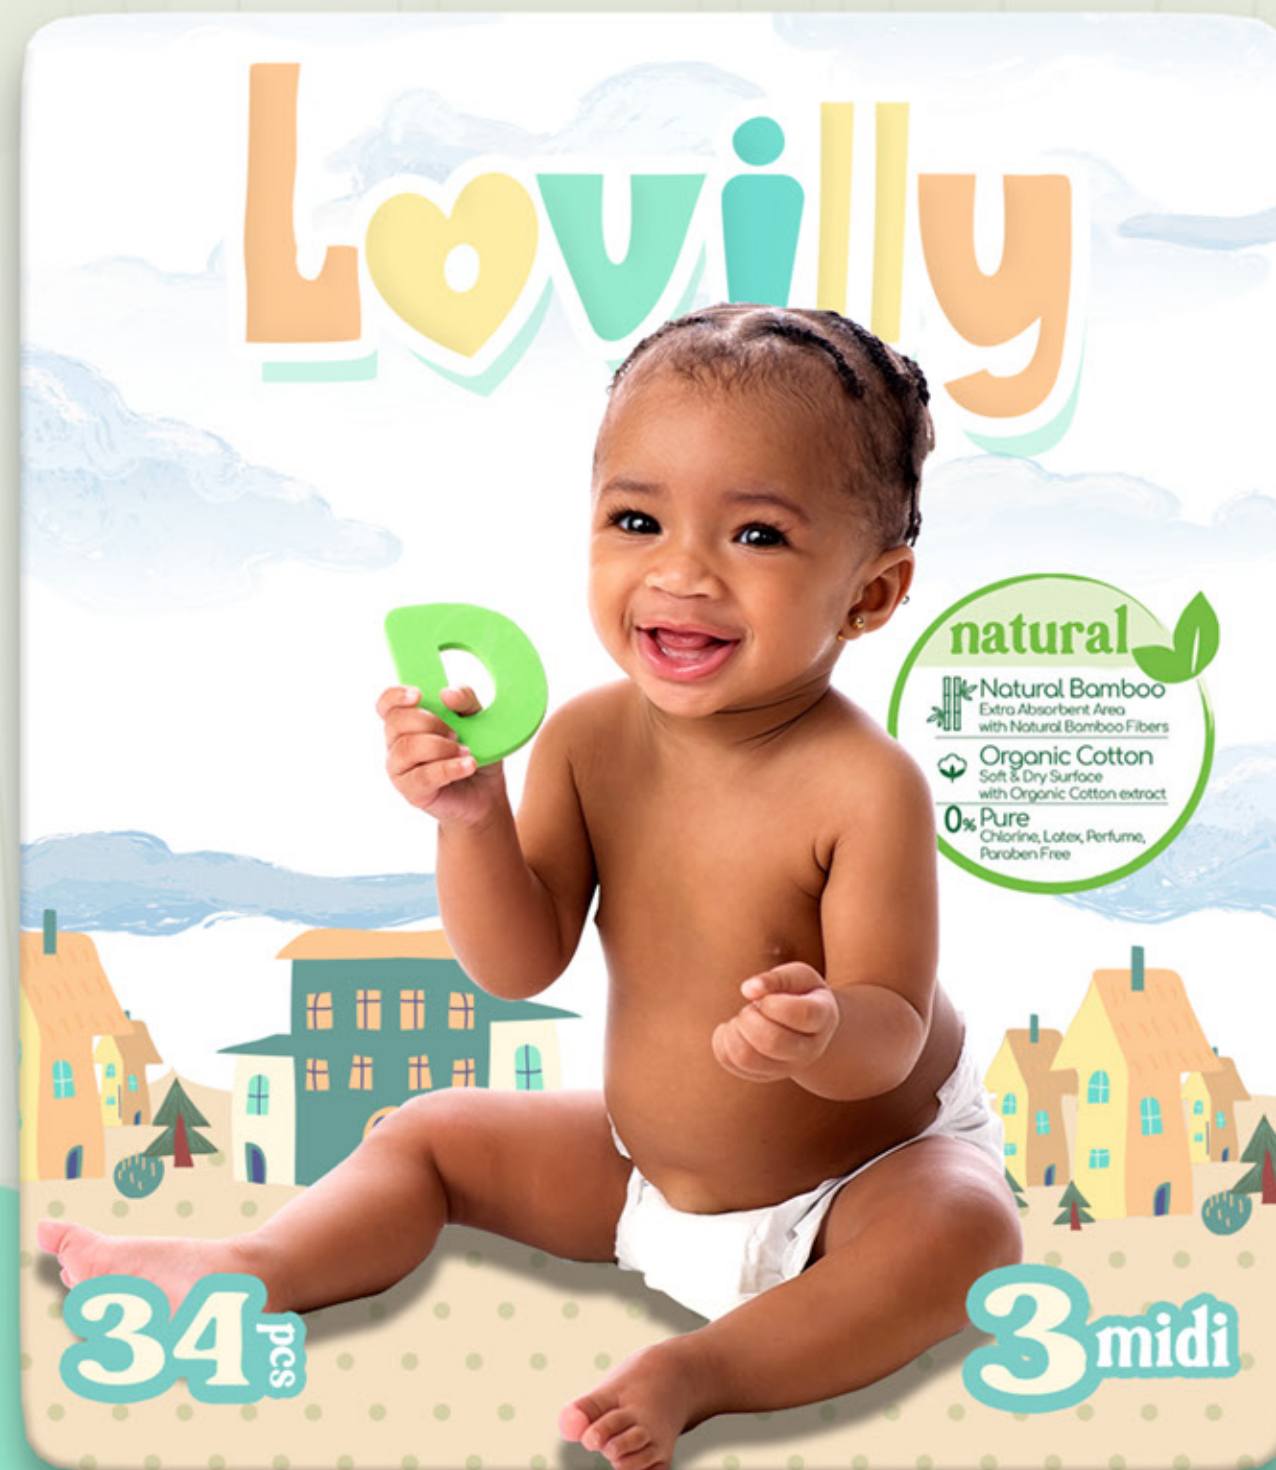

Love,
Nick
