The Naturesol Dilution Control System allows you to safely, effectively and economically dispense both Naturesol total facility cleaner and One Step Disinfectant. Naturesol is formulated to be diluted at 2 dilution rates to clean an entire facility from top to bottom. Our One Step Disinfectant is also diluted through the system for areas that require an EPA registered Disinfectant to be used. With our proprietary LockNLoad system, an insert in the gallon bottle prevents improper dilution of the product as well as human contact with the concentrated product.

NATURESOL PRODUCTS ARE GREEN SEAL APPROVED

Green Seal certification guarantees that the products or services you've chosen are among the safest and most environmentally responsible while ensuring effective performance.
